Thanks Rick. Sounds good to me. Not a bad idea then to hold it until Monday as other request are making it to my desk.

Hi Ramon,

We are currently working on Amendment B to cover the new scope items. We had to rework our original CPW to include the Amendment A that was issued, so this took some time. We plan to have Amendment B to you by COB today. Please keep in mind there currently is no funding constraint for the new scope items, so even if you don't get a chance to issue Amendment B until next week, we won't have a funding problem. Please let me know if you have any questions on this.

Thank,

Rick Mehl
